

HOLY CHILD ACADEMY

SCHOOL REOPENING TASK FORCE

COMMITTED TO THE HEALTH & SAFETY OF OUR HCA COMMUNITY

Dear Families of Holy Child Academy,

Thank you for providing your feedback regarding school reopening in September. We were delighted to learn that most families prefer to be part of our in-person academic program. We appreciate your trust in our ability to care for your child/ren's health and safety. We continue to believe in the important benefits of children attending school and engaging with their peers. However, we do appreciate and respect the smaller percentage of families who have indicated an interest in a virtual option, therefore Holy Child Academy will be offering **both** fully in-person and virtual options for our students. We are confident that we will be able to provide a safe and inclusive learning environment for all students both in person and virtually.

Please note that the option for virtual learning is only available for students in kindergarten through eighth grade at this time. **The option to select virtual learning to begin the academic year is not available for nursery 2, nursery 3 or pre-kindergarten students.**

These are unprecedented and challenging times. We understand the needs of each family are unique and there are many factors to take into consideration. Please be assured that we are committed to providing all our students the highest quality education in a safe and engaging manner. **This Friday, July 31st, we will provide a guidebook for this academic year.** The guidebook will outline the safety measures we have taken and will be implementing throughout the year. In addition, the guidebook will detail our policies for monitoring student and staff health, teaching and maintaining social distancing in school, creating and maintaining community, and much more. After you have had the opportunity to review the information, you will be asked to select the virtual learning or in-person option that works best for your child/ren in mid-August. We look forward to sharing the guidebook with you so that you and your children can return to school, in person or virtually, with confidence and peace of mind.

Yours in Service,
School Reopening Taskforce
